

Education Foundation for Cle Elum-Roslyn

Grant Guidelines & Application

The Education Foundation for Cle Elum-Roslyn (“Ed Foundation”) was established to help bridge the gap between the basic funding provided by the State of Washington and what our students need to truly excel academically.

The Education Foundation works in tandem with the Cle Elum-Roslyn school district to help meet the district’s goals and objectives. Applicants should communicate their identified need and/or program idea with building/school administration to make sure funding is not available through the District’s budget prior to completing this application.

Our Vision

Every child in the Cle Elum-Roslyn School District will have the opportunity to access the best education available anywhere.

Funding Enrichment and Innovation: The Ed Foundation funds programs that enhance education in the Cle Elum-Roslyn Public Schools, benefit the students served by the School District, and may include staff development projects. The Education Foundation encourages innovative ideas centered around out-of-the-ordinary experiences and projects that extend the regular curriculum – experiences that are impactful, last a lifetime, and take education ‘out of the box’!

The Ed Foundation has identified three primary funding interests. Other requests will be considered, but requests benefitting these areas will be given preference:

- **STEM Programs**

STEM – Science, Technology, Engineering and Math – Programs are key to our students being able to thrive in the 21st Century. STEM learning provides the essential framework to address the needs of society – things like renewable energy, clean water sources, food demands for our growing population, medicine to cure and prevent disease. The Education Foundation provides funding to ensure students in our district have access to STEM learning tools they need and deserve.

- **Technology in the Classroom**

Technology is always changing, so the Ed Foundation provides funds to assist the District in meeting the challenge of providing up-to-date technological training, equipment and materials for K-12 classrooms.

- **Arts in Education – Fine & Performing**

Financing art-related initiatives, Ed Foundation funds are earmarked to support and expand fine arts opportunities on a district wide scale.

SUBMISSION AND DEADLINE:

Grants may be applied for, and will be accepted and processed, on a rolling basis throughout the calendar year. This application is available online as a PDF document [CEREducationFoundation.org](https://www.cereducationfoundation.org).

Applications may be submitted to us by email at Hello@CEREducationFoundation.org or mailed to:

Education Foundation for Cle Elum-Roslyn
PO Box 213
Cle Elum, WA 98922

Questions? Just email us at Hello@CEREducationFoundation.org.

Percent of this request of project total (if not 100%) _____%

Please limit the length of your answers for the following questions to no more than a total of two pages. Do not include anything more than what is asked for in this section.

1. Needs Statement

Identify the needs that this proposal will address. Acknowledge similar existing projects, if any.

2. Proposal

- a. How will your proposal address identified needs?
- b. Projected goals, objectives, timelines, anticipated impact (now and future).
- c. Is this proposal a new program or will it enhance an existing program?
- d. How do you define success for this project? How will you monitor your work and how will you measure effectiveness?
- e. What are your other potential and actual sources of support and/or funding for this proposal? (if applicable)
- f. If project is ongoing, where do you expect to find future support/funding?
- g. Is this project/program a collaboration? If yes, who will you be working with and what is their role?
- h. How will the Ed Foundation's participation make a difference with the project? (i.e. Seed money to get started, ability to leverage other funds, last dollar funding, etc.)

Please provide evidence of the Principal or Superintendent's support for this application.

Principal/Superintendent's Support Statement: I have read this proposal and will support its implementation. It is compatible with the School District's policies but cannot be fully funded through our budget. I rate the priority of this proposal as:

- Urgent
- High - Exceptionally Important
- Important
- Beneficial
- Beneficial, but with lower priority than other enrichment grant projects of which I am aware
